The COVID-19 pandemic has significantly impacted the Malaysian economy since last year and with the surges of cases and reoccurring lockdowns this year, businesses are still struggling with on-going disruptions.

With numerous stimulus and assistance packages that were introduced since last year and the reopening of economic and social activities, facilitated by the accelerated National COVID-19 Immunisation Programme, businesses are anticipating Malaysia's gradual economic recovery.

The Budget 2022 will be tabled in Parliament on 29 October 2021 and it will be focusing on the recovery from the pandemic, rebuilding of national resilience and catalysing reforms. Will the Budget live up to its promises of assisting people and businesses affected by the prolonged MCO?

Join us in our half-day webinar to get insights from our tax leaders on the Budget 2022 proposals and participate in an informative panel discussion and Q&A on the latest tax developments.
