The Budget 2023 that was presented in October 2022 will be revamped from all aspects and will address several pressing issues such as the rising cost of living, the country's spending and revenue, food security and many more.

Now, all eyes are set on the new Budget 2023 as the nation is eager to hear what it has to offer. Will the new Budget 2023 meet the needs of our society and the business community?
