Currently, stamp duty is 100% exempted for peer-to-peer (P2P) loan or financing agreements between Micro, Small and Medium Enterprises (MSMEs) and investors, where the P2P financing is made through P2P financing platform registered with and recognised by the Securities Commission Malaysia. The exemption applies to agreements executed from 1 January 2022 until 31 December 2026.

In order to encourage MSMEs to obtain alternative financing through P2P platforms, it is proposed that remission of stamp duty exceeding RM10 be given on P2P loan or financing agreements executed between MSMEs and investors.

Effective date : Loan or financing agreements executed from 1 January 2027 until 31 December 2030

4. REVIEW OF STAMP DUTY REMISSION ON LOAN AND FINANCING AGREEMENTS UNDER THE CAKNA SCHEMES

Currently, remission is given on stamp duty exceeding RM10 for the principal loan or financing agreements under the CAKNA schemes.

In order to continue assisting the Micro, Small and Medium Enterprises (MSMEs) and small contractors in obtaining financing for the implementation of Government contracts, it is proposed that the remission of stamp duty exceeding RM10 on principal loan or financing agreements executed by the MSMEs and small contractors under the CAKNA schemes be reviewed as follows:

Scheme	Current Remission	Proposed Remission
CAKNA I	Agreements executed from 1 March 2021 to 31 December 2028	Extend for 2 years
CAKNA II	Agreements executed from 1 January 2024 to 31 December 2025	Reintroduce from 1 January 2027

5. REVIEW OF STAMP DUTY ON LOAN OR FINANCING AGREEMENTS FOR PURCHASE OR CONSTRUCTION OF MALAYSIAN SHIPS

To contribute to the growth of the Malaysian shipping fleet, reduce dependency on foreign vessels and enhance freight revenue inflows into Malaysia over the long term, it is proposed that the stamp duty imposed on loan or financing agreements for the purchase or construction of Malaysian ships be capped as follows:

- RM2,000 for loans or financing up to RM100 million; and
- RM5,000 for loans or financing exceeding RM100 million.

Effective date : Loan or financing agreements executed from 1 January 2027

Stamp Duty

6. STAMP DUTY REMISSION ON LOAN AGREEMENTS BY MID-TIER COMPANIES

Currently, stamp duty at *ad valorem* rate of RM5 for every RM1,000 or part thereof is imposed on loan or financing agreements pursuant to Item 27 of the First Schedule, Stamp Act 1949.

Stamp duty exemption is granted on principal factoring or invoice financing agreements executed between Micro, Small and Medium Enterprises (MSMEs) and factoring companies registered with the Ministry of Finance and members of the Malaysian Factors Association. The exemption applied to agreements executed from 1 January 2022 until 31 December 2025.

Under the Supplier Financing Programme by Mid-Tier Companies (MTCs), the credit facility agreement (first tier agreement) and the agreement for the utilisation of the excess credit facility (second tier agreement) executed between MTCs and financial institutions are both subject to *ad valorem* rate of RM5 for every RM1,000 or part thereof.

In order to improve MSMEs cash flow by obtaining early payments from the MTC's excess credit facility, it is proposed that stamp duty in excess of RM10 be remitted on second tier agreements between MTCs and financial institutions for excess credit facility given to MSMEs, subject to the following conditions:

- i. MSME suppliers have fulfilled contracts for the supply of goods or services to MTCs; and
- ii. MSME suppliers are not the parent company, a subsidiary or a related company of the MTCs.

Stamp duty on first tier agreements remains at the *ad valorem* rate of RM5 for every RM1,000 or part thereof.

Effective date : Second tier agreements executed between MTCs and financial institutions from 1 January 2027 until 31 December 2030
